Dear Nirina,

It has been a long time since I saw you. Our team missed you a lot. Why did you stop playing handball with us?

I write this letter just to tell you to continue doing sports even we do not play together anymore because it is good for our health.

First, practicing it will make you focus easily at work. Secondly, it will be hard for your body to catch diseases like flu. Your organism is strengthened. Moreover, it will emerge your confidence to yourself.

In one word, sports will give good effect on body and brains. I think, we will meet again, we all miss you.
